- 4 - Provide your name / alias, email, and (optional) a short bio about yourself and your art peice on a sperate piece of paper (or on the info form from our website.)
- 5 - Send your artwork att to "anatomy for life" at:

Anatomy Lab, Brighton and Sussex Medical School  
University of Sussex, Brighton, BN1 9PX

## CALLING FOR ARTWORK

Have your art exhibited to help raise the awareness for Organ Donation.

The Brighton Sussex University Hospitals Trust along with Live Life Give Life charity are hosting the 2015 Anatomy For Life **charity international art exhibition and auction.**

We are asking patients, healthcare professionals, artists and any supporter of Organ Donation around the world to submit postcard sized artworks related to human anatomy to be displayed at a public art exhibition during the UK **National Transplant Week (7th - 13th September 2015)**. All artwork will be auctioned online to raise funds for Live Life Give Life organ donation charity.

We want stories to be told through the artworks, and inspire others to join the organ donation register. **Anyone can contribute.**

Art submission closes on 22nd July 2015
